CHINMAYA VISHWA VIDYAPEETH
DEEMED TO BE UNIVERSITY

Chinmaya Vishwa Vidyapeeth (Deemed to be University) is the only university in the 'de novo' category in Kerala with immense potential and state-of-the-art infrastructure. Established in 2016, its core mission is to blend the ancient and time-tested wisdom of India with present-day knowledge fields. With campuses in Kerala and Maharashtra, Chinmaya Vishwa Vidyapeeth (CVV) offers a vibrant student life through holistic development that is guided by its core values such as purity, spirituality, practicality, and innovation. The university is the pinnacle of the educational legacy of the Chinmaya Mission, which has more than 100 educational institutions and 350 centres in India and abroad.

CVV is recognised by the University Grants Commission (UGC) under Section 3 of the UGC Act 1956. Its engineering and management programmes are approved by the All India Council for Technical Education (AICTE) and its education programmes are approved by the National Council for Teacher Education (NCTE). The university is also an active member of the Association of Indian Universities (AIU).

The university offers various undergraduate, postgraduate, integrated, and doctoral level programmes and a diverse range of distinctive electives and supplementary subjects that align with blending traditional and contemporary knowledge in the streams of engineering, commerce, management, psychology, Sanskrit, and education (English and Mathematics). The university campuses provide students with a vibrant and bustling multicultural environment characterised by diverse cultural exchanges, research interactions, and a wide array of activities.
ABOUT THE CONFERENCE

The International Conference on Interdisciplinary Dialogues (ICID), organised by the Institute of Science and Technology (IST) at Chinmaya Vishwa Vidyapeeth (Deemed to be University) serves as a premier platform for scholars, researchers, and practitioners to engage in profound discussions that transcend disciplinary boundaries. Recognising the contemporary challenges that demand holistic and integrated approaches, ICID aims to encourage a dynamic exchange of ideas, methodologies, and insights across diverse fields of study. Considering the convenience of scholars across the world, the 2024 conference of ICID will be conducted in online mode.

The conference emphasises the pivotal role of interdisciplinary collaboration in addressing multifaceted global issues. The gathering of experts from various disciplines at the ICID facilitates and stimulates innovative thinking and promotes the sharing of knowledge. This unique intellectual forum seeks to transcend the limitations of singular disciplines, encouraging participants to explore intersections and forge connections that contribute to the advancement of human understanding of the need of the hour for interdisciplinarity of research.

Through rigorous academic presentations and discussions, ICID aims to facilitate a rich dialogue beyond specific disciplines. The conference invites participants and presenters committed to advancing interdisciplinary research and promoting cross-disciplinary collaboration to join us in the intellectual endeavour to learn, share, and collaborate to identify, interpret, and develop interesting and diverse scholarly perspectives.
